District Attorney Robison and Lieutenant Rogers of UCSO Internal Affairs (bcc'd):

I am submitting this referral because the conduct described below now reflects an alarming pattern of stalking, retaliation, unequal law-enforcement access, and unlawful disclosure of confidential information. This pattern appears coordinated among

This letter is being provided—via blind copy—to current and incoming Village of Marvin leaders. I encourage each recipient to respond directly to DA Robison's office with any information or support for investigation.

I. Summary of Events Requiring Immediate Action

1. Confidential Law-Enforcement Request (Oct. 31) Improperly Disclosed

On Friday, October 31, my wife and I sent a written request for law-enforcement protection to:

- the DA's Office
- UCSO Attorney Brandon Christian
- Sheriff Cathey
- Village of Marvin officials (including Kim Vandenberg)

No other recipients existed.

Within hours, Mike Vandenberg — the lead harasser of the group harassing our family — had our plea for help from his group.

He then:

- Posted it publicly on Nextdoor
- Mocked our family's concern
- Reframed UCSO's refusal to protect us as deserved
- Emboldened his circle [REDACTED] Kuykendalls, [REDACTED]

This leak endangered our family, publicly weaponized our plea for safety, and openly encouraged retaliation.

2. Anonymous Threatening Text Received Nov. 4

Four days later, on Election Day, I received this anonymous message at 11:25 AM from +1 [REDACTED]

"Please don't do this again. I hope we can get along peacefully."

This threat occurred:

- during active harassment by the Vandenberg [REDACTED] Kuykendall/Black group,
- at the exact moment they wrongly believed I was criticizing them online,
- directly after Mr. Vandenberg publicly weaponized our confidential request.

This continues a documented pattern of harassment with the clear intent of scaring us into silence.

3. Fraudulent Jamie Lein Vacancy Scheme

The harassment coincided with an apparent election-fraud scheme to improperly fill a secretly-vacated council seat.

Verified facts:

- 7/22/2025 – Offer accepted on the sale of the Lein's Marvin home
- 8/6/2025 – Purchased home in Punta Gorda, Florida
- 8/8/2025 – Completed sale of Marvin home
- 10/31/2025 – Registered to vote in Florida
- 11/4/2025 – Submitted resignation at 7:59 AM recommending only Kim Vandenberg

Yet Vandenberg claimed:

- she had "never seen the letter" before Nov. 10,
- and she had received "numerous calls" telling her she should take the seat.

Both cannot be true. https://www.youtube.com/live/g2SzIKlmsw?si=OIJ_f1FGHvln1UZI&t=6873

This indicates a coordinated plan to hide a vacancy until Election Day, then fill it with an insider prior to the new majority taking office.

This warrants immediate investigation for election fraud and disenfranchisement.

4. Attorney Christian's "Dirty Harry" Letter Restricting Access to UCSO

Attorney Brandon Christian sent a five-page letter:

- threatening that we ought to "make his day" and warning us that enjoys litigation,
- personally attacking our family and misrepresenting our lawsuit instead provide UCSO's support of Kim Vandenberg's personal political plans,
- forbidding us from contacting UCSO except by calling 911.

Since then:

- UCSO has provided **no law-enforcement follow-up**,
- our access to law enforcement has been **restricted**,
- no action has been taken regarding the threat.

Deputy Breslin, after reviewing the threatening text, **called for increased patrols in our area**.

Those patrols never occurred, very likely reversed by UCSO leadership to maintain Christian's retaliatory directive.

5. Improper Routing of 911 Call for Internal Affairs → Lt. Maye

Today, following Christian's directive that I could only contact UCSO via 911, I called 911 and explicitly instructed:

- the operator, and
- the operator's supervisor (#7331)

that my call **must be sent only to Internal Affairs**, because:

- Lt. Maye is one of the individuals our FOIA requests concern,
- Christian explicitly forbade contact with him,
- we sought to avoid retaliation.

Despite that explicit restriction, my call for Internal Affairs was passed directly to the persons I sought to refer for investigation, and **Lt. James Maye called me directly**.

This is:

- a violation of Christian's directive,
- a violation of the IA-referral instructions I gave 911,
- an act of intimidation,
- and further evidence that UCSO personnel are engaging in retaliatory contact.

This, combined with Christian's letter, meets several elements of **stalking behavior** described in N.C. Gen. Stat. § 14-277.3A.

II. Requests for Action

A. From the District Attorney

Please open investigations into:

1. The leak of our confidential 10/31 protection request

5. The Jamie Lein / Kim Vandenberg vacancy scheme

Refer as needed to:

- NCSBI (election fraud, public integrity)
- FBI Charlotte (civil rights, retaliation)

Dear Mr. Christian, Sheriff Cathey, and District Attorney Robison's Office:

I am following up on my **24-hour demand letter sent Friday**, which received no response and was followed by yet another escalation that I have kept DA Robison apprised of over the past

Earlier today, **November 4, 2025 (Election Day)**, I was forced to contact the Union County Sheriff's Office again via **Deputy Breslin**, and a new **incident report was filed: IR #2025-09111**

1. New direct threat to my family

- The attached **text message**, received at 11:25 a.m. from a completely **unknown number** [REDACTED] states:
Please don't do this again. I hope we get along peacefully"
- Neither I nor my wife recognize this number.
- In the context of the sustained intimidation we have documented from **Kim Vandenberg, Mike Vandenberg, and their agents**, this message is **objectively threatening** and **reassures** municipal election.
- Deputy Breslin reviewed the message in person, agreed it warranted concern, and confirmed that UCSO would **increase patrols around our residence**.

2. Additional evidence provided to the District Attorney

Over the weekend, I furnished **District Attorney Robison** (but had not yet shared with Mr. Christian) additional documentation demonstrating the **pattern of retaliation and public defamation**

- **"Wounded Warriors Memorial Courtyard" retaliation posts** published by the *Marvin Messenger* Facebook account and amplified by **Mike Vandenberg**, claiming our family's **lack of support**
- **Related posts** framing our family as against the people and anti-community, attempting to tie us to political opposition candidates and discredit our property-rights defense as **politically motivated**
- **Follow-on comments** attacking our motives, some since deleted, that clearly sought to inflame hostility toward our family immediately before the election.

These communications weaponize a veterans' charity project for political retaliation and to prejudice public opinion against the plaintiffs in *Comiskey v. Village of Marvin*. They are **knowingly** litigation—and they fit a **coordinated pattern of intimidation and disinformation** that now culminates in today's personal threat.

3. Immediate requests

1. **Open or expand** a criminal investigation into this threat and the related campaign of intimidation.
2. **Issue a preservation hold** covering all UCSO records, emails, texts, and messages referencing my family or the 11/4 incident.
3. **Initiate subscriber identification** for [REDACTED] (emergency preservation, followed by subpoena or warrant) and advise of the **assigned detective** and **CID case number**.
4. **Confirm patrol plan** and a single point of contact for our household.
5. **Mr. Christian:** Re-evaluate your October 28 letter on UCSO letterhead—which quoted *Dirty Harry* and asserted there was "no evidence" of threats—in light of today's incident and from lawful non-emergency contact with UCSO.
6. **DA Robison:** Given the election-day timing, retaliatory motive, and use of public office for coordinated misinformation, please **refer the matter immediately to the SBI and FBI** for enforcement of North Carolina statutes.

4. What we need confirmed

- **CID case number and assigned investigator**
- **Preservation steps initiated** (internal + carrier)
- **Patrol schedule / point of contact**
- **Status of subscriber ID request for** [REDACTED]
- **Status of SBI/FBI referral**

We appreciate Deputy Breslin's professional handling today. However, the **pattern of threats, retaliation, and misuse of official platforms** has now reached a point requiring urgent outside
