1:28

all

1:58

you

2:28

spe

2:58

for

3:28

for

3:47

gu like this is your first time it is good morning everyone I'd like to call the February 29th

3:54

2024 Village Council work session meeting to order I show we have a quorum

4:00

we are missing I believe Bob at this point Bob I'm gonna make a motion to

4:05

allow Bob mariz to rep rep participate

4:10

remotely all those in favor I I welcome

4:16

Bob um next up we have adoption of the agenda do we have any changes or I have

4:21

some additions under G consent agenda number 12 consider approval of Tyler Technology's change order for

4:27

configuration of pulled cash and authorized manager to execute contract and a new letter O items of

4:34

discussion number one recess The Village Council work session until Wednesday March 6th at 2m at Marvin Village Hall

4:43

under the same item number two discussion and consideration of General obligation Bond

4:50

projects any other uh changes additions subtractions all right I'll need a

4:57

motion to approve the agenda as amended so moved all those in favor I I all

5:04

right next up adoption of the previous minutes did anyone everyone have a

5:10

chance I assume to get a look at those no questions hearing none I'll ask for an

5:18

adoption of the previous minutes and that's the retreat minutes

5:24

and the regular meeting minutes Retreat both the retreat and the regular minutes y so moved all those in favor hi hi hi

5:31

against hearing none passes next up presentations uh we

5:37

have presentations of the green rail trail safety by Union County Sheriff's

5:43

Office welcome guys good morning morning morning I've

5:51

got my notes on my phone I promise I'm not uh not distracted so I know you're talking about technology a minute ago

5:57

with our friend in our Nemesis but I'd like to begin by introducing myself

6:02

and Lieutenant Shawn Mayhew behind me I'm Lieutenant James May I'm the public information officer for the Union County

6:07

Sheriff's Office uh we're happy to be here I'd like to thank Miss Amos for and the Village Council for setting up this

6:13

opportunity for us to address some safety concerns within the village of Marvin uh Lieutenant Mayhew is our

6:20

Lieutenant over Special Operations which oversees all of our contracts so any questions that I may be unable to answer

6:26

he may be able to help me out with also if there's any questions that we can't answer together we will make sure to

6:32

take those down and bring you back a response that uh that is based on fact so um once again just wanted to take the

6:39

time to come and address some safety concerns that were brought to Sheriff Kathy's attention uh within the last

6:45

week or so about the addition of green space and walkways within the village of

6:51

Marvin um as as you know um at a previous

6:57

meeting here there were some concerns brought up about residential break-ins and those break-ins being

7:03

attributed to the access to local homes from Green Space or walkways that are

7:09

attached or in close proximity to these neighborhoods in your village U what I've done after receiving

7:17

that concern was I started doing some research we pulled some crime stats I read over some investigative reports

7:23

from residential break-ins that have occurred within the past two years in this area and I'd like to share those

7:28

findings with you um in summary what I can safely say is that

7:36

there is no clear indicator that the walking trails that are in close proximity or attached these

7:41

neighborhoods were the proximate cause or enabled these criminals to gain entry

7:47

to these homes um I can say that in the overwhelming majority of these cases the

7:53

suspects in the case did force entry into the back of these homes um these

7:58

are these break-ins have occurred there's been roughly 20 within the last two years that's 2022 and 2023 that have

8:06

occurred within Marvin Weddington waxa the area this area as well as the

8:11

surrounding areas um all those homes have been unoccupied at the Times the break-ins

8:16

have occurred and the suspects in these cases have stolen items of high value and fled the scene just to be clear this

8:24

is not just Marvin this is 20 in the last two years in the waaw wedding and

8:29

Marvin area so correct between three municipalities yes sir yes sir it is um

8:34

and thanks for the clarification there so that being said we know that the

8:40

suspects are making rear entry to the homes um how do we know that because often times people have camera systems

8:46

set up that point towards their back door now could the suspects have entered

8:52

the property line from a walking trail it is a possibility however we can't confirm that that's the case in the

8:59

majority of these investigations based on the fact there's not a camera pointing that direction okay um more

9:05
