June 1, 2026, Regular Meeting

A member moves to recuse himself because Plaintiffs' Rule 15 notice named him; members describe the notice as "a threat," "a plaintiff being able to rig a vote by threatening... if we were a jury... This is a felony," and "simply designed to keep Mr. [name] from voting on the settlement"; the recusal motion fails. Council then approves "an offer of compromise from the village to settle the Comiskey lawsuits."
